October Completion Date Set for Medical Building

Construction is nearing completion on the \$350,000 Crenshaw-Sepulveda Medical Center located at 22600 Crenshaw Blvd. The 12,000 square-foot structure will be owned and occupied by a group of Torrance physicians and dentists, all who have practiced from five to 15 years in the area.

In the planning stages for several years, the health facility was designed to provide comprehensive medical care for the family in one completely-equipped medical center. Rochlin & Baran, A.I.A., Architects and Associates, designed the building, now being erected by the Sokol Construction Company. The plan emphasizes maximum privacy for the individual doctor and efficient access to the shared facilities.

SUITES

The individually-designed suites, each with private examining rooms, consultation and reception rooms, stretch along the perimeter of the building. The x-ray, clinical and biological laboratories and other ancillary services, including recovery and emergency treatment rooms, physiotherapy, EKG rooms and a medical library, are gathered in a central core.

Situated at the front of the building is the central reception room and the pharmacy. A 20' by 50' open-to-the-sky patio will act as a buffer between the entry areas, laboratories and the private suites.

TWO-ACRE FACILITY

The air-conditioned, sound proofed health facility was placed at the center of the two-acre site to facilitate future expansion already outlined in a master plan. Abundant parking will be available on all four sides of the structure.

A dedication and open

building coordinator and leasing agent for the project. Completion is scheduled for the middle of October.

Area Catholic Men Attend School Today

Catholic men of Torrance will attend an Ozanam School of Charity at St. John Chrysostom Church, 520 E. Florence Ave., Inglewood, starting today. Sponsored by the South West Particular Council of the St. Vincent de Paul Society, the school will be conducted on nine consecutive Wednesdays at 8 p.m.

Its purpose is to stimulate and increase the spirituality of Catholic men through a broader understanding of the true meaning of Christian charity — love of neighbor for love of Almighty God.

The faculty will comprise Ted Driscoll, dean of the school; William J. Emme, chairman; Joseph Condon, president of the South West Particular Council; J. Paul Russell, and Ray L. Smith, members of the society's board of directors, and Raymond T. Healy, executive secretary of the society.

The Rev. Rudolph Schneider, O.F.M., will serve as spiritual director. Panel discussions and an example meeting of a parish conference will be features of the school, which is named in honor of Frederic Ozanam, who founded the society in Paris in 1833.

Hospital Offers New Nurses Aide Study Sessions

A new nurses aide course opened at Riviera Community Hospital Sept. 17. Mrs. Rose Eberhart, R.N., director of nursing at the hospital, announced. It is open to all persons interested.

The courses is given from 9 a.m. to noon Monday, Tuesday and Wednesday of each week, through Oct. 17, she said. Registration will be at 9 a.m. Sept. 17 at the hospital.

Mrs. Eberhart said that persons interested may call her at FR 8-1273 to make applications.

The courses will teach professional ethics, medical nomenclature, aseptic techniques, nursing arts and obstetrics. At the end of the four-week course, certificates will be awarded.

Instructors are Mrs. Thomas Snipp, R.N., and Mrs. J. Ralph Black, R.N.

Exams for Peace Corps Offered at 2 Locations

Torrance persons interested in taking entrance examinations for the Peace Corps Saturday, Sept. 29, may take the tests at two locations.

In Long Beach, the tests are offered at the Federal building. In Los Angeles, the tests will be given in room 518 of the Post Office building, 312 N. Spring St.

HONOR SAFE ONES

The safest professional drivers in the western United States will be honored Oct. 1 at a dinner in the International Ballroom of the Beverly-Hilton hotel with an anticipated attendance of nearly 1000 civic, business and industrial leaders.
